Has Narrow Escape From Death

Pat Goggen, of Vandyne, is reported to have had a miraculous escape from being killed on Wednesday last. Hauling a load of poles at Lost Man's Coulee, on Sec. 5, 24, 2, W4, the load apparently slipped back on the team at a right-angled turn in the road, and driver, wagon, load and team crashed over the bank to a sheer fifty-foot drop.

Ira Morrison, a neighbor of Mr. Goggen, who was present, driving another team, hastened to the bottom of the bank and was just in time to see Mr. Goggen appear out of a hole in the ice of the creek. With aid of Mr. Morrison and some brush Mr. Goggen made to the shore.

The horses were killed and the wagon was badly smashed.

Organisation of District Ball League is Under Way

A meeting for the purpose of organising a district baseball league was held Saturday, April 2, in J. Cusack's office. Representative from Mayfield, Glenora, Empress View and Empress, were in favor of a league. A communication from Lloyd George district favoring and expressing a willingness to join the league, was read.

It was resolved that the league consist of not more than five teams, calling for not more than home and home games. Messrs. T. Rowles, J. Cusack and R. Arthur were appointed a committee to draft a set of bylaws which will be presented at the next meeting. Club voting representation is limited to three members.

League officials will be appointed and other matters discussed at the next meeting, Saturday, April 23, in J. Cusack's office at 8 p.m.

T. Rowles, is president and R. Arthur, secretary, pro tem.

In some fortunate way Mr. Goggen escaped with his life, suffering some broken ribs and a badly bruised hip.

Mother and Daughter Banquet

The legend C.G.I.T. is becoming more and more familiar to readers of the "Express." Some one has facetiously interpreted it as "Catching Girls in Time" and this phrase is not a bad description of the real aims of organization. For those who do not know let us say that the letters are intended to stand for "Canadian Girls in Training" the object of which is to develop during the formative years of a girl's life an all-around and complete christian character capable of meeting all the demands placed on modern women. The girls of the Union Sunday School are organized in two clubs, "Count on Me" and "Excelsior." On Wednesday last these two clubs held a "Mother and Daughter" banquet at which about 75 mothers and daughters sat around the festive board which was neatly arranged and beautifully decorated. The boys escorted the serving in a manner gallantly efficient. The girls and their mothers lacked no attention which they could give. There was also a feast of reason and a flow of song in a well arranged toast list interspersed with reciting club and college songs. Miss Lydia Rivers acted as Toastmistress and the following toasts were proposed and responded to:

King and Country; Myrtle Fountain. National Anthem. Mothers: Edith Rowles, Mrs. Hayes. Sunday School: Maud Rivers, Mrs. Lucy. The Boys: Vera Saunders, Jasper Lucy. C.G.I.T.: Opal Boyd, Song. The Leaders: Gladys Hayes, Mr. Frybois.

An interesting address was given by Mr. Ferguson, principal of the Empress school. Songs by Mrs. Shannon, a duet by Joan Sharpe and Opal Clark, recitation, Jessie Hudson. The speeches by the young people were of a high standard and well delivered, revealing splendid talent and capability. Pride and pleasure beamed from the faces of the mothers and indeed anyone might well be proud to be associated with such a splendid, fine looking group of promising girls. Work of this kind and the other activities of these clubs is genuinely constructive and will mean much to the future welfare of church state. The leaders: Miss Rivers, Miss Burgess, Miss Noble, and the others who assisted are deserving of the deepest gratitude for their unselfish service to the community in providing leadership for our growing girls.

Rainmaker Hatfield on His Way West

"Rainmaker Hatfield" is reported to have left Saint Madra and to be on his way to these parts and is expected to arrive about the 10th inst. The financial end of the deal has not up-to-date made sufficient progress. Extra effort is now being put forth, and everybody interested is asked to contribute. The Rainmaker is said to have received some attractive offers from Canadian farming interests to set up his plant in their neighborhoods, since contrasting with the United Agricultural Association. If the settlers of this district want the Rainmaker to operate within a reasonable distance of this district they must pay their share.

At the Viewfield U.F.A. meeting, on Tuesday, Messrs. R. M. Henderson and McGhee were present and the Rainmaker subject discussed. The members raised \$75 and another \$75 is promised. Social Plains, Sharrow and Buffalo U.F.A.'s have also promised to give the matter every attention.

Later reports from the whole district are encouraging. A list is now open at R. M. Henderson's office for subscription. It is now up to the individual, if he wishes this district to be included in the area of the rainmaker's operations he should pay a little towards the expense incurred.

Anglican Church Service at Caledonia

Service will be held in Caledonia on Sunday, April 11, 2nd Sunday after Easter, as follows: 11 a.m., Holy Communion. 3.30 p.m., Evening Prayer. L. J. Tatham. Priest in Charge.

An auction sale of the farm stock and effects of the late Earl A. Thomson, of Caledonia, will be held at the S.J. 13, 21, S. W4, April 18, at 1.30 p.m. E. D. Sparrow will cry the sale on behalf of the administrators The Standard Trust Company, of Edmonton.

THURSDAY, April 7, 1921

By her school of agriculture
polity Alberta has taken the
lead, if not positively in agri-
cultural education, at least in

definite and specific instruction
for the young in the requisites
of farming as a vocation. No
province has neglected the sub-
ject, but none has gone more
directly to its root, and by its
creation of six schools of agri-
culture the province has attract-
ed enviable attention to itself.

By means of these schools nearly
a thousand young people
have been equipped for their
life work. When it is stated
that, from funds supplied under
the Dominion Agricultural In-
struction Act alone, a no small-
er sum than \$300,000 has been
employed in the last half dozen
years in Canada in the building,
equipping and maintenance of
such schools, some idea of the
benefits derived from the grants
under the Act can be obtained.

Official reports show that in
1919-20, of the \$66,005 which is
Alberta's share of \$1,100,000
granted annually by the Domi-
nion for division between the
provinces, \$38,000 was devoted
to the Alberta schools of Agri-
culture.

In the same years, \$9,000 was
allotted to instruction in woman's
work, and \$5,000 to the poultry
and egg-marketing service. In
the same year there was allotted
\$10,000 to the Agricultural rep-
resentative system. School
fairs, based chiefly on school
garden work, and school clubs
for rearing of poultry, calves,
cows and pigs, are conducted
under the direction of teachers
from the schools of Agriculture
with assistance of the Agri-
cultural representatives, and are
increasing in number and im-
portance every year. In 1919-20
for instance, 40 school fairs
representing 440 schools and
65,000 pupils, were held, with
approximately 25,000 exhibits.

He dropped his nickel in the
plate.
And meekly raised his eyes.
Thankful his rent was duly paid.
For his mansion in the skies.
